

Gear Oils

hyrax[®] HPGO GL-5

Excellent protection against
wearing and scuffing

Suitable for a wide variety
of applications

Superior protection against
rusting, staining and
corrosion

Excellent load carrying
capability and foam resistance

Description

Hyrax HPGO GL-5 is an extreme pressure (EP) automotive gear oil formulated from solvent refined mineral base oils and containing special sulfur phosphorus additives to produce a superior gear lubricant with extreme pressure characteristic and thermal stability for automotive applications over a wide range of temperatures.

Applications

Hyrax HPGO GL-5 is recommended for use in particularly hypoid gears, in passenger cars and other automotive equipment operated under normal conditions for which on extreme pressure oil is normally required.

Benefits

- Excellent protection against wearing and scoring produced by high speed and heavy loads
- Suitable for a wide variety of applications service conditions
- Superior protection against rusting, staining and corrosion
- Excellent load carrying capability and foam resistance
- Compatible with seals and gaskets

Typical Characteristics

Properties	Method	SAE 90	SAE 140
Color	ASTM D1500	2.0	3.0
Density at 15°C, Kg/L	ASTM D4052	0.898	0.902
Flash Point, °C	ASTM D92	>210	>210
Pour Point, °C	ASTM D97	-9	-9
Viscosity at 40°C, cSt	ASTM D445	176.0	400.0
Viscosity at 100°C, cSt	ASTM D445	16.2	28.3
Viscosity Index	ASTM D2270	95	97

Performance

- API GL-5
