

Four-Stroke Motorcycle Oils

hyrax® 4T

Wear protection to prolong engine life

Excellent gear micro-pitting and clutch slippage resistance

Excellent thermal and oxidation stability

Value for money

Description

Hyrax 4T oil is a premium quality fighting grade motorcycle oil that is specially designed to prolong engine life, while providing smooth riding and problem free operation. It is manufactured using premium quality base oils and high performance additives system to provide superior overall engine protection under all riding conditions.

Applications

Hyrax 4T is highly recommended for most models of high performance air cooled four stroke motorcycle engines operating at all riding conditions. Also applicable for two-stroke motorcycle gearboxes.

Benefits

- High degree of engine cleanliness and wear protection to prolong engine life
- Excellent gear micro-pitting and clutch slippage resistance for outstanding performance response, acceleration and smooth riding
- Exceptional thermal and oxidation stability to resist oil breakdown, maintaining outstanding performance at high engine operating temperatures
- Value for money – high performance with very competitive cost

Typical Characteristics

Properties	Method	SAE 40
Density at 15°C, Kg/L	ASTM D4052	0.895
Flash Point, °C	ASTM D92	>210
Pour Point, °C	ASTM D97	-15
Viscosity at 40°C, cSt	ASTM D445	144.0
Viscosity at 100°C, cSt	ASTM D445	14.5
Viscosity Index	ASTM D2270	99
