hyrax® Compro XS

Description

Hyrax Compro XS is a specially formulated extended service oil designed for the lubrication of rotary sliding vane and screw air compressors. It is manufactured specifically using highly refined premium quality base oils and outstanding performance ashless additive technology to impart excellent antioxidant, rust, corrosion and foam properties.

Applications

Hyrax Compro XS is highly recommended for use in rotary sliding vane and screw type as well as reciprocating type air compressors (oil flooded or oil injected, male or female, single or two-stage configurations).

Benefits

- Outstanding overall performance
- Excellent oxidation resistance
- Extended service capability up to 5000 hrs
- Good air release properties
- Low foaming
