hyrax[®] Compro

Blended from highly refined mineral oils and carefully selected additive packages

Outstanding overall performance

Excellent oxidation resistance

Low foaming

Description

Hyrax Compro is designed for the lubrication of rotary sliding vane and screw air compressors. It is blended from highly refined mineral oils and carefully selected additive packages to impart excellent anti-oxidant, rust, corrosion, foam properties.

Applications

Hyrax Compro is recommended for use in rotary sliding vane and screw type air compressors (oil flooded or oil injected, male or female, single or two-stage configurations).

Benefits

- Outstanding overall performance
- Excellent oxidation resistance
- Good air release properties
- Low foaming
