

Excellent protection and performance at all drivin conditions

fluidity to minimize friction

Protects against varnish building and sludge formation

Description

Hyrax Ultra Novo is premium quality multigrade motor oil designed for used in modern passenger cars and light trucks. It is formulated to meet or exceed the highest requirements of modern multi-valve high performance engines. Its specially selected additive system provide exceptional level of deposits control and reduce engine wear and tear especially for engine running under the severest operating conditions.

Applications

Hyrax Ultra Novo is recommended for most passenger cars, sport utility vehicles and light trucks and most turbo-charged, super-charged engines requiring API SL or below performance levels.

Benefits

- Exceptional engine protection at all driving conditions
- Exceptional engine cleanliness exceptional sludge and varnish deposits control
- Highly shear stable stay in grade
- Good low temperature fluidity to minimize friction and wear during start-up
- Fuel economy benefits for SAE 10W-30 grade
